SPECIALISE IN DIESEL
CRANE AND DIESEL
RELATED EQUIPMENT
SERVICING AND REPAIRS.
WE ARE PROUD TO HAVE
AN EXTENSIVE TRACK
RECORD OF HIGH QUALITY
CUSTOMER SERVICE
AND POSITIVE RESULTS
FOR OUR CLIENTS.**

After developing his skills as a Diesel Mechanic across a variety of industry paths, founding Director, Matt Kingman established Kingy's Diesel Industries (KDI) in 2016.

From humble beginnings, KDI now operates full time out of their Yandina (Sunshine Coast) headquarters, servicing diesel machinery and specialising in cranes all over Queensland .

With a team of highly skilled, experienced and passionate staff, Kingy's Diesel Industries will ensure your machine is back in business as soon as possible.

**With a mobile and workshop facility,
we have the knowledge and experience to get
machines running at its optimal performance
promptly and at competitive rates.**

WHY CHOOSE US?

- » We really understand the importance of keeping your equipment operational and running at its best.
- » We have a friendly working relationship with all our clients.
- » You will find we have very competitive rates and turn around times and, if your machine breaks down or needs servicing, you're in safe hands — we pride ourselves on quality workmanship.
- » We take a quality not quantity attitude to our work and maintain an implicit appreciation for your safety and the safety of your workplace.

HOW WE CAN HELP

We work locally and internationally on diesel crane and diesel-related equipment servicing and repairs. We offer a full range of services, but diesel cranes are our passion.

OUR MAIN CAPABILITIES

We offer a full range of services, but diesel cranes is our passion. Catering to construction, maintenance and industrial sectors of Queensland, Kingy's Diesel Industries can assist in projects of any capacity and have your machinery performing at its prime level.

SERVICE AGENTS FOR

HUMMA CRANES
BY DRA ENGINEERING

PALFINGER

MAJOR INSPECTIONS

Kingy's Diesel Industries have extensive knowledge of the AS1418 and AS2550 standards. We can perform quick turnaround on 10 and 25 year major inspections and rebuilds of your equipment, giving you peace of mind that meet your industry standards and requirements.

DIESEL CRANE SERVICING

Kingy's Diesel Industries understands the importance of preventative maintenance on your equipment. We offer 250, 500, 750, 1000 and 2000 plus services to fit your busy schedule. Through GPS tracking technology, we also offer fleet maintenance and planning to keep your equipment running longer and alert you when your vehicles are in need of attention.

DIESEL CRANE REPAIRS

Kingy's Diesel Industries are experts in diesel crane repairs. No job for us is too big or too small and with 24/7 phone support we are always on standby to help in any way we can. We understand what it's like to have your machine out of action and will work hard to have your crane repaired and operational in a safe and timely manner. Our team of diesel experts will have you up and running in no time.

DIESEL EQUIPMENT SPECIALISTS

Kingy's Diesel Industries aren't just diesel crane specialists and you shouldn't feel left out just because you don't own a crane. We also have extensive experience and knowledge of other diesel equipment, ranging from small earthmoving and civil machinery through to large heavy mining equipment.

No job is too big or too small for our team of experts and we welcome any type of machinery, whether at our workshop or on your site.

PARTS SUPPLY FOR CRANES

We have unmatched access to spare parts from various suppliers and make ordering parts and other replenishable items easy.

THE MAN BEHIND KINGY'S

“

**NO TWO MACHINES
ARE THE SAME, AND
THERE IS NOTHING
MORE SATISFYING
IN THE WORK THEN
FIXING CLIENT'S
MECHANICAL
PROBLEMS AND
SEEING THE RELIEF
ON THEIR FACES.**

MATT KINGMAN

Matt Kingman is the man behind Kingy's Diesel Industries. With over 10 years experience as a diesel mechanic, Matt finds satisfaction in fixing his clients mechanical problems, then seeing the delight and relief plastered on their faces.

Matt gained a broad range of knowledge and experience working for Walter Wright Cranes, Frontline Equipment and Bechtel Construction.

He loves operating Kingy's Diesel Industries. Every day is a different challenge — no two machines are the same, and there is nothing more satisfying in the work than fixing client's mechanical problems and seeing the relief on their faces. Matt has had the privilege of working for a number of large mining and construction companies including LCR group, John Holland and Thiess.

Matt has got a lot of experience working on heavy mining equipment, the most notable job being when he worked on Curtis Island at the APLNG site, however his passion truly lies in diesel cranes.

When Matt is not working he loves surfing, playing soccer and social gatherings, but nothing makes him smile more than coming home to see the smiles of his beautiful fiancée and his two gorgeous daughters Aurora and Leelah.

COMBINING SERVICE EXCELLENCE AND EXPERIENCE

Kingy's Diesel Industries have a friendly relationship with all their customers. We really understand the importance of keeping your equipment operational and running at its most efficient level at all times.

Our customers love our very competitive prices and turn around times. We not only promise but ensure that if your machine breaks down, our team will have it back up and running as soon as possible.

Kingy's Diesel Industries prides itself on quality workmanship, we take a quality not quantity approach to our work and maintain an implicit appreciation for your safety and the safety of your workplace.

Get in touch with the Kingy's Diesel Industries team next time you need your machine serviced or repaired.
